### "What is the cap amount for this qualification?"

This qualification is approved for VET Student Loans and is capped at:

**\$11,191.00**

### "What is my qualification costs more than the cap amount?"

Payment of any fees incurred over this amount will be the responsibility of the student.

### "Are incidental fees included?"

Incidental fees are excluded from a VET Student Loan and are therefore payable by the student.

### "So many dates?!"

Each CRN has its own census date. Census date is 20% of the course duration and the last date which you can apply for a VET Student Loan. It's also the last date that you can withdraw from a CRN without incurring a debt for that unit of study. You must register at least 15 days prior to the Census date for that CRN to be included in an approved VET Student Loan.

### "I already have a VET Student Loan, do I need to do anything else?"

If you are commencing a new qualification, then you are required to submit and enquiry for a new VET Student Loan.

If you are continuing in a qualification with an existing VET Student Loan, you will receive progression emails which require your response.

### "How do I get a VET Student Loan?"

If you're attending an enrolment event, please express your interest in using a VET Student Loan to your lecturer.

Alternatively send an email including your full name, DOB or Student ID, qualification,

and this COMPLETED and SIGNED document "Registration Fee Advice"

and some contact details to ProgramSupport.VSL@tafesa.edu.au to initiate your enquiry

### "and then what happens?"

One of our team members will contact you via your personal email address with the next steps.

### "Do I need to provide anything else?"

You will need to provide some documentation as part of the eligibility process, you can find details of this on the TAFE SA website by clicking Apply and Enrol > VET Student Loans.
